

Saint Saviour Catholic Academy

Dear SSCA Families,

About a month into our search for a Head of School, the Board of Trustees, the Search Committee, and our community have diligently engaged with Kyle Pietrantonio, of Partners in Mission, to share what we value at SSCA, even under the most challenging weather. Partners in Mission is a full-service consulting and professional education firm focused exclusively on developing excellence in Catholic school advancement and leadership. We are pleased to share that our collective engagement aided in the preparation of our Prospectus for the search of St. Saviour Catholic Academy's first Head of School. You will find the Prospectus is wonderfully done and captures the uniqueness and spirit of our **small school with the big heart**.

We are committed to finding a leader that will ensure SSCA continues to lead in faith, academics, compassion, and service. We hope this [Prospectus](#) will attract the most qualified candidates for our search. We request your prayers and invite your help in disseminating the Prospectus.

On behalf of the Board of Trustees, we want to thank you for your trust and support in our search. We continue to be confident that together we will find the ideal strategic leader to continue what Sue, her team, and our community have started.

Further information on Partners in Mission can be found at <https://www.partnersinmission.com>.

With God's blessings,

Pam Hamingson
Vice Chair, Board of Trustees and
Co-Chair of the Search Committee

Veracelle Vega-Hansen
Co-Chair of the Search Committee

Small School, Big Heart
